¹These program costs are charged to the U-bill and will be due in full on May 20, 2009.

²Housing costs are charged to the Rome Program in Euros, but students will be billed in dollars on their U-bills. The dollar amount that will appear on the U-bill is subject to the exchange rate. Students will be charged the housing fee in dollars based on the exchange rate at the time of billing, which is currently estimated to occur in late April or early May 2009. Therefore, this cost could be higher or lower than what is stated here. Sometimes fluctuating exchange rates require us to make a second smaller housing charge on the U-bill to accurately reflect the total amount charged to the program. Students will be notified by e-mail if this will occur.

³The utilities/cleaning/damages escrow is retained by the college until the amount of utilities costs (electricity, gas, telephone) is determined for each apartment after the end of the semester. All students are charged a 30 Euro final cleaning fee. The utilities cost in Euros will be shared by all students in an apartment, translated to dollars based on the exchange rate at the time of billing after the end of the semester, and deducted from the escrow. The balance will be refunded to the U-bill. If a student causes damages to the apartment or to the studio, the cost will be deducted from the escrow on an individual basis. If the total exceeds \$250, the actual cost will appear on the U-bill.

⁴*Mandatory Italian health insurance*: students are required by Italian law to purchase this upon arrival in Italy. It is for emergencies only and does not take the place of an American insurance policy. *Declaration of Presence*: required by Italian law for students staying less than 90 days. These two expenses and the apartment key deposit are payable in cash (Euros) to the housing office upon arrival in Rome and are subject to change.

This budget is an initial projection of the costs for the Rome Program. This revised estimated budget was made available 3/23/09. Please keep in mind that these numbers are projections and may be subject to change. Furthermore, the amounts given represent base estimates only and may vary among individual students depending on spending habits. Nevertheless, the amounts should provide a reasonably accurate basis for initial financial planning.
