Curriculum-based Design Outreach Studio Fund Guidelines
COLLEGE OF DESIGN, IOWA STATE UNIVERSITY

The college will provide funds each year to support studio courses that provide learning opportunities to College of Design students that promote community development. Two types of grants will be awarded:

- **Direct Studio Support**: Each year, up to two studios will receive direct support to help cover such expenses as supplies, travel, technology, printing and teaching assistants. Maximum amount awarded will be $5,000 per studio.
- **Planning Support**: Each year, up to four grants will be awarded to help plan studios focused upon outreach. Planned studios must take place within one year of the award. Eligible expenses include travel, supplies and printing. Maximum amount awarded per grant is $1,500.

**Eligibility**
Applicants must be currently employed faculty within the College of Design including tenured or tenure-track faculty, lecturers, and senior lecturers.

**Application Guidelines**
Applications not written to specifications will be returned without review.

The proposal must use the attached form: *Curriculum-based Design Outreach Studio Funding Application*. Review of the application will be based upon the impacts and improvements made to the studio, its students, and the community or communities served. There is no geographic restriction. The review panel will also consider whether additional funding is leveraged from other sources (both internal and external to the College of Design). While leveraging additional funding is encouraged, it is not required. Applicants may not include supplemental materials with their application, but should reference any previous work relevant to the proposal. The chair (or chairs) providing oversight for the studio must sign all applications. The Associate Dean for Extension and Outreach is available to answer questions about content and completeness of proposals within a reasonable period prior to submission.

**Submission**
Proposals should be sent electronically as a single PDF document to Linda Doering, ldoering@iastate.edu. Please do not submit paper copies.

**Dates for Submission**
Applications may be submitted at any time during the fall and spring semesters. Applications should be submitted no later than the 5th of each month for review on or before the 15th. A panel of three faculty members appointed by the Associate Dean for Extension and Outreach will review completed applications. The panel will make recommendations to the Dean of the College of Design, who will make the final decision on each proposal.

**Award Notification**:
Applicants will be notified within thirty days of receipt.

**Post---Award Review**
Successful applicants are expected to provide a one-page report to the Associate Dean for Extension and Outreach upon completion of the studio or studio plan.
