WHEN IS A CITY A SMART CITY?

WOULD YOU LIKE TO EXPLORE A SMART CITY IN AUSTRIA?

JOIN US ON A FIELD TRIP TO VIENNA DURING SPRING BREAK 2019

The program includes:

- Meeting with the Smart City Vienna Initiative
- Visiting Aspern - Solutions for the future of energy in an open space
- Visiting mixed-reality lab at Vienna University of Technology
- Place-making and emotions experiment with students from the International Master in Cartography Program
- Explore the city with the focus on your own research project

The CRP391 Field Trip International (2 credits) can be combined with the CRP453x Smart Cities class (3 credits) for 5 credits.
