

RISE: 19th Annual International Postcard Print Exchange

FINAL YEAR!

This is the last year that I'll serve as faculty adviser for this exchange that I began 19 years ago. I'm retiring from Iowa State University in May 2019. This ongoing shared dialogue with individuals from across the country and around the globe has brought much joy to members of the Iowa State University community and exchange participants.

Regardless of how you choose to interpret this year's theme, "Rise," I hope you accept our invitation to participate. We all look forward to receiving a large and varied collection of prints.

Thanks,
April Katz
Morrill Professor of Art and Visual Culture

The University Print Society keeps one of your prints for our collection. We'll send you an assortment of 12 prints from the other participants (hence the exchange). Please help cover postage costs by sending in a donation.

Print your name and return address clearly on every postcard sent.
