This program of study offers a route to achieve BOTH a B. Arch and a post-graduate Masters of Science Degree in Architecture in 6 YEARS.

This option is ideal for ambitious students who would like to enhance their Bachelor's degree with a Research-based, 1-year Masters (MS). Students are expected to have a research proposal involving work with Faculty in one of the three main research cluster areas. (see links):

- [Intersections of Architecture, Aesthetics & Technology](#)
- [Social Formations of Architecture & Urbanization](#)
- [Theories and Practices for Sustainable Architecture](#)

Students can transfer up to 6 credits of eligible study from their Undergrad to their Masters' Program, thereby requiring only 12 Credit hours each semester for what would normally be a 30 CH degree.

MS in Arch Program Link:
<https://www.design.iastate.edu/architecture/degrees/graduate-architecture-programs/architecture-ms/>

4 ½ year B. Arch: with prior credits*

*Requires Transfer of Previously Earned General Elective of Social Science and Humanities Credits

+ MS option

24 CH + 6 CH approved credits (30 CH)
