

## College of Design Waiver Request and Conditions Form

Complete this form if extenuating circumstances prevent the completion of all Core Design Program requirements prior to the submission of enrollment-management materials. "Extenuating circumstances" include unexpected situations beyond your control that prevent your ability to complete some small portion of the required non-DSN S Core coursework. **Failing a course is not considered an extenuating circumstance.** (Waivers are not granted in cases where a student is unable to complete or fails DSN S 102, 110, 111, 115, 131 or 183.) Each program to which you plan to apply will need to consider the waiver requests.

This form **must** be completed before submitting an application to the professional programs. If a program grants a waiver and you are offered a place in that program, your enrollment in the program is contingent upon the completion of conditions described on this form.

---

**Student Name**

**UID**

**Email**

Check all programs for which you are requesting the waiver:

Architecture    Graphic Design    Interior Design    Industrial Design    Integrated Studio Arts    Landscape Architecture

Student statement. Please state the reason for the waiver.
